Madaripur Government College (formerly Nazimuddin College)

Madaripur, Bangladesh

Higher Secondary Certificate (HSC) in Humanities - GPA: 4.08 / 5.00

2018

RESEARCH EXPERIENCE

Executive, Research and Development

Dec 2023 - Jan 2026

Datascape Research and Consultancy Limited | Dhaka, Bangladesh

- **Proposal development:** Authored competitive, project-winning research proposals and presentations for national and international NGOs, translating complex Terms of Reference (ToRs) into structured methodologies.
- **Research design:** Developed mixed-methods study instruments, including household survey questionnaires, Focus Group Discussion (FGD) guides, and Key Informant Interview (KII) protocols, grounded in comprehensive secondary desk review.
- **Fieldwork & quality control:** Directed field operations by training data enumerators, enforcing data quality control protocols, and personally facilitating FGDs with marginalized communities and KIIs with government and private-sector stakeholders.
- **Data analysis & reporting:** Conducted quantitative and qualitative data analysis using SPSS and NVivo; produced data visualizations and co-authored draft and final project reports.
- **Team supervision:** Mentored and supervised 15–20 Research & Development interns and research enumerators across concurrent projects, overseeing training and data-collection quality.

Intern, Research and Development

Jun 2023 - Sep 2023

Datascape Research and Consultancy Limited | Dhaka, Bangladesh

- **Literature review & proposal support:** Conducted comprehensive literature reviews and synthesized secondary data to support senior researchers in drafting evidence-based research proposals.
- **Qualitative data processing:** Transcribed and translated bilingual (Bengali–English) FGD and KII records.
- **Narrative analysis:** Conducted narrative analysis of qualitative transcripts to identify key socio-political themes and actionable insights.
- **Data visualization:** Designed tables and graphs to communicate complex quantitative findings in final reports.

Field Research Assistant

Apr - May 2023

Center for Atmospheric Pollution Studies (CAPS) | Dhaka, Bangladesh

- **Environmental data collection:** Recorded quantitative metrics on urban air quality and noise pollution outside multiple educational institutions in Dhaka.
- **Empirical fieldwork:** Conducted on-site environmental monitoring, contributing primary data to academic studies on urban environmental hazards and public health impacts.

SELECTED RESEARCH PROJECTS

Theme 1: Governance, Peacebuilding & Human Rights

- Baseline Study of the Multi-stakeholder Initiative for Peace and Stability (MIPS) Project

- Baseline Study for “Community-Driven Approach to Promoting Religious Equality and Access to Justice”
- Evidence-Based Research on Sexual Harassment and Gender-Based Violence (GBV) Prevalence
- Training with Local Governmental and Non-Governmental Actors on Handling GBV
- Baseline Study for “Governance, Response Readiness, Institutional and Community Preparedness (GRIP)”

Theme 2: Climate Justice, Migration & Humanitarian Response

- A Baseline Study of the Bangladesh Rohingya and Host Communities Humanitarian Response (2023–2025)
- Assessment for Mapping Potential Climate-Smart and Disaster-Resilient Livelihood Options
